19 December 2012

Dear Delegates,  
Dear Colleagues,

I am writing to alert you to the fact that the second World Social Science Forum (WSSF) will be held in Montreal, Canada, from 12 to 15 October 2103, on the theme

"Social Transformations and the Digital Age"

One of the main objectives of the WSSF is to provide a platform for the world social sciences, and we hope to allow for the participation of colleagues from all over the world. Hence, we would really appreciate it if you would circulate the attached call within the communities of scholars working on social transformations and digital issues in your country's universities and research institutions.

Delegations interested in sponsoring 1 panel convened by a leading scholar from their country should contact Yee Fun Wong, in Montréal (see contact details below).

Please visit the website for more information: <www.wssf2013.org>

The deadline for the submission of proposals is 15 January 2013.

All documents are available on the website but I attach them here for your convenience.

If you have any question please feel free to contact:
